

500 Delaware Ave.

## CREDITS AND ACKNOWLEDGEMENTS

I would like express my sincere gratitude for helping along the way for this Senior Thesis Project. This project could not have been executed so professionally without their time, knowledge, and patience. Words cannot express my gratitude for how you have helped shape me as an engineer. Thank you.

### **O'Donnell Naccarato & MacIntosh**

Peter Paton, Structural Engineer

### **Gilbane**

Craig Hedlund, Construction Manager

### **AE Advisors**

Dr. Linda M. Hanagan

Dr. Thomas Boothby

Professor M. Kevin Parfitt

### **AE Students**

David J. Melfi

Justin Mulhollan

Anthony Lucositic

Chad Illig

I would also like to thank my boyfriend, Steve, because we got through this project together. Finally, I would like to thank my family: Jim, Kathy, Matt, Megan, and Mark Hostutler, Ann and Joseph Barnes and Jessie Hostutler. Your support, encouragement, and inspiration have helped me through the years in ways that words cannot express. I am blessed to have the most wonderful support group and cheering section in the world. I love you.
