

**Table of Contents:**

Executive Summary.....	3
Introduction	
Thesis Abstract .....	4
Project Background .....	5
Building Systems .....	6
Mechanical Design	
Existing Mechanical Conditions .....	9
Proscenium Theater Mechanical Existing Conditions .....	12
Underfloor Air Distribution Overview .....	13
Proscenium Theater Load Calculations .....	15
Diffuser Selection and Layout .....	17
Air Handling Unit Changes .....	19
Structural Breadth	
Underfloor Plenum Design .....	20
Architectural Theater Considerations .....	22
Acoustical Breadth	
Acoustic Analysis of Proscenium Theater .....	23
NC and RC Values .....	24
Conclusions .....	25
Acknowledgements .....	26
References .....	27
Appendix A: Trace 700 Load Printouts .....	28
Appendix B: ASHRAE Standard 62.1-2004 .....	35
Appendix C: Diffuser Specifications .....	36
Appendix D: Proscenium Theater Mechanical Plans .....	39
Appendix E: Rebar Calculations .....	43
Appendix F: Steel Calculations .....	44
Appendix G: Theater Calculations .....	45
Appendix H: TAP Outputs .....	46
