## Acknowledgements

I would like to thank the many people who helped me to get through the AE program. First, and most importantly, I want to thank my family. I thank my mom, gram, and pap for encouraging me to keep going and do what I want to do. I want to thank my brother as well, for being there and help me keep a level head on my shoulders when I really needed it. With all of you help, my college experience was a success.

I want to thank the entire AE faculty for helping me along the way. I want to thank Dr. Mistrick and Dr. Moeck for all the consultations and help they gave along the way. I also want to thank Dr. Parfitt for being a reasonable and understanding thesis teacher, as well as Dr. Burroughs for the assistance with my acoustical work.

I would also like to thank Penn State Altoona for allowing me to use the Hawthorn Building as my senior thesis building. I want to thank Rick Wareham for being my contact at OPP Altoona, as well as Prof. Gary Grant for answering my questions when I had them.

I want to thank my classmates for being there to help and give advice when it was needed. Special thanks to all of the AE L/E options for their help and support.

Finally, I want to thank my roommates for keeping me positive when I couldn't stand thesis anymore. The moral support was appreciated greatly.
