

## **Presentation Outline**

- Introduction
- Building Information
  - Design Team
  - Building Stats
- Existing Structural System
- Problem Statement
- Depth Work
  - Proposed PT Slab and Beam System
  - Proposed Lateral System
  - Special Conditions
- CM Breadth
  - PT Phasing
  - Cost Analysis
- Mechanical Breadth
  - Floor Openings
  - Possibility of alternative system
- Comparison of Proposed System to Existing System
- Conclusion/Acknowledgements
