

Final Report

Table of Contents

A. Acknowledgements	3-4
B. Executive Summary	5
C. Introduction and Project Background	6-17
a. Project Design Overview	7-8
b. Project Team Overview	8
c. Client Information	9
d. Project Delivery Method	9-11
e. Existing Conditions	12-14
f. Cost Summary	14-16
g. Project Schedule	16-17
h. Site Utilization Plan	17
D. Research Topic – LEED Guide for Trade Contractors	18-29
a. Introduction	18-19
b. LEED Information Pamphlet	19
c. Survey	19-22
d. LEED Guide Examples	22-26
e. Survey Results and Findings	26-28
f. LEED Guide Revisions	28-29
g. Conclusion	29
E. Architectural Breadth – Interior Tenant Fit Out	30-36
a. Introduction	30
b. Space Requirements	31
c. Tenant Design	31-32
d. Material List	33-35
e. Conclusion	36
F. Structural Breadth – Impervious Surface Parking vs. Parking Garage	37-47
a. Introduction	37
b. Comparison	38
c. Site Plan	38-39
d. Architectural Design	39-41
e. Structural Design	41-44
f. Cost	44-46
g. Schedule	46

**Table of Contents (continued...)**

h. Conclusion	47
G. References	48-50
H. Appendix A: Sequencing Plan	51-52
I. Appendix B: Existing Conditions Site Plan	53-55
J. Appendix C: Detailed Schedule	56-60
K. Appendix D: Site Utilization Plan	61-64
L. Appendix E: Survey Consultant Package	65-93
M. Appendix E.1: Introduction Letter	66-67
N. Appendix E.2: Opinion Survey	68-71
O. Appendix E.3: LEED Information Pamphlet	72-79
P. Appendix E.4: LEED Guide Introduction Letter	80-81
Q. Appendix E.5: Submittal – Matrix and List	82-85
R. Appendix E.6: Design Requirement – Matrix and List	86-89
S. Appendix E.7: Construction Waste Management – Matrix and List	90-94
T. Appendix F: Opinion Survey Responses	95-103
U. Appendix G: LEED Guide Survey Responses	104-106
V. Appendix H: PCI Design Charts	107-110
W. Appendix I: PCA Column Calculations	111-117
