

Acknowledgements

A huge thank you to all those of have supported and guided me throughout the past year of senior thesis.

Johnson, Mirmiran, & Thompson - for sponsoring this project.

Maryland Transportation Authority - for providing permission to analysis the MdTA Police Training Facility for my senior thesis.

Matt Keller from JMT - for assisting in my understanding of all things mechanical. Thanks also for your words of encourage, I appreciate that more than you know.

Jim Good from JMT - for assisting in the obtainment of the building permission and plans and for enduring the numerous phone calls about electrical systems.

Dr. Mistrick and **Mr. Ted Dannerth** - for your continued support of our education and the insights you have provided during this past year.

Professor Ling - for your guidance with the acoustical breadth.

Kevin Wise - for being my sanity and my lifeline. Thank you for believing in me.

My wonderful classmates, without whom I would not have survived this year - for always being willing to lend your aid.

My family – for always cheering me on as I strive to achieve my goals. Thanks for your patience and encouragement.
