Information Flow

Need actual building cost information (I currently have just overall projected cost).

Need projected dates of construction, contractors, and project delivery method. Will request information from Shayne Manning, local structural engineer.

Better renderings of building would be helpful. Will contact Kim Starr, primary architect, for images.

Consultations

Sent email to Ricardo Pittella, structural engineer, on 9.9.03, requesting basic building information. Received a reply on 9.10.03 with no information. I must contact local engineer to obtain information.

Called Ricardo on 9.10.03 to request cost data. Received email from Ricardo a few hours later with estimated building cost.
