Progress Report #8 January 19, 2004

Follow-Up

No grade or feedback ever generated from Technical Assignments 2 and 3 and the Thesis Proposal from AE 481. We are forced to produce such a massive amount of paperwork that the faculty cannot even process it. I am not arguing the grade I received in the class, nor do I really need anyone's input on my work, but some students would really benefit from the feedback that we should be getting. Perhaps there is something wrong with the system.

Assigned Work

ASSIGNMENT	DUE DATE	COMPLETED	COMMENTS
Thesis Proposal	12-2-03	Yes	No feedback received, must be OK.
Lutron Presentation	12-9-03	Yes	Consultant feedback reviewed.
Detailed Spring Schedule	1-19-04	Yes	This is ridiculous.
Schematic Design Review	1-23-04	No	No significant changes to design.
First Space Design and Render	1-30-04	No	Let's hope Lumen Designer is ready for the task.
