

ACKNOWLEDGEMENTS

To Dr. Martin Moeck for sparking my interest in lighting design, defining my lighting education, and providing continual support in educational and career pursuits.

To Charles Stone and Hank Forest for helping me find this project.

To Jim Stroud from the Harry Ransom Center for his help and firsthand perspective.

To my grandfather for serving as a role model and primary source for motivation.

To my mom, dad, and brother for their amazing love and support.

Thank you for your help with questions:

Dr. Mistrick, Dr. Moeck, Ted Dannerth, Professor Ling, Professor Holland and Professor Parfitt.

For your support and amazing sense of humor:

The Architectural Engineering Class of 2007

... and a special thanks to the lighting/electrical students!
